PROFESSIONAL SUMMARY

Web Developer with solid skills in Python, HTML, MySQL and hands-on project experience. Passionate about building responsive interfaces and solving real-world problems through efficient code. Quick learner with strong interest in development roles.

TECHNICAL SKILLS

• Web: HTML, CSS (Basics), JavaScript (Basics), Responsive UI
• Programming: Python, Java, C
• Tools: VS Code, MySQL, Excel
• AI/ML: OpenCV, Image Processing Basics
• Cybersecurity: Digital Forensics Fundamentals

PROJECTS

Driver Drowsiness Detection — Python, OpenCV
• Built a real-time alert system for detecting driver fatigue using eye-blink monitoring and frame analysis.

Plant Disease Detection — ML, Image Processing
• Classified leaf diseases using machine learning techniques to support early agricultural diagnosis.

EXPERIENCE

Cybersecurity Intern — Amroha Police
• Assisted digital forensics teams in handling real cybercrime investigations.
• Supported vulnerability checks and threat analysis.
• Developed strong problem-solving skills under pressure.

EDUCATION

B.Tech CSE (AI & ML) — Sharda University — 7.1 CGPA
Intermediate — BSEB, Patna — 71%
10th — St. Joseph's Sr. Sec. School — 87%

CERTIFICATION

Cybersecurity Workshop — Amroha Police Department

LANGUAGES

Hindi, English
